Founding Edition Terms of Sale

United States consumer purchases | Order Summary and contract terms

These terms govern your prepaid, personalized Founding Set and personal Lifetime Benefits. Your order details, confirmed engraving instructions and agreed product specification are displayed before you order and supplied with our acceptance in a form you can retain.

Item	Terms
Seller	For Safety Group, Inc., Arizona corporation, ACC file 23684337. Business address: 7950 E Acoma Drive, Suite 204, Scottsdale, AZ 85260, United States. Contact: contact@by4si.com; +1 602 512 1719.
Customer and order	Your name, email, billing and delivery addresses, order reference and date, plus confirmed engraving name and selected number from 1 to 999, as recorded in the Order Summary and acceptance.
One time package	1 Presence Key, 1 Cloud wristband, 1 Daily wrist strap, 1 Satin clip and 1 Line pendant, each engraved with your confirmed name and selected edition number. Engraving, finish, materials, dimensions, essential features and compatibility are fixed in the accepted specification.
Lifetime benefits	Priority support and up to 5 replacements of the covered Founding Key per Benefit Year, retaining your name and edition number, for the original purchaser's lifetime. Replacements start no earlier than January 1, 2028 and receipt of the initial Key, under Section 4. Accessories are supplied once.
Price and payment	USD 299.00 total package price: USD 250.00 personalized set and USD 49.00 Lifetime Benefits. Initial US shipping is included. Applicable sales tax is included in the USD 299 total. Full payment upon express acceptance. No subscription charge.
Timing	Complete delivery by December 31, 2027; entitlement starts under Section 4. Priority support starts on acceptance.
Replacement shipping	Customer pays actual standard shipping, quoted and approved for each request; no Key fee or handling markup. Agreed service territory: original delivery country and, in the US, state. Other destinations require agreement. Mandatory defect, recall and Section 9 warranty costs remain with 4SI.
Requirements	Personal 4SI account. Supported devices, operating systems, connectivity, required readers or integrations and additional costs are specified before ordering and supplied with acceptance. Keep an independent fallback for critical access.
Edition and records	Maximum 999 numbered original sets. Replacements do not create another allocation. These version 7.4 terms, your Order Summary, confirmed engraving instructions and agreed specification are retained and emailed with acceptance.

No additional change of mind cancellation or return right is offered. This does not restrict mandatory rights, remedies for defects or nonperformance, or the shipping delay and refund rights described below. A previous free reservation does not authorize this purchase.

1 Agreement and eligibility

These terms govern deliveries to the United States. “4SI,” “we” and “us” mean For Safety Group, Inc.; “you” means the original individual purchaser identified before ordering. You must be at least 18, legally able to contract and buying for personal use in an offered location. Resale of goods does not transfer personal Lifetime Benefits. Accrued monetary claims and rights that cannot lawfully be restricted remain transferable.

The Order Summary means the customer, product, price and delivery details displayed before you order. You may review and correct those details before submitting your order. Your order is an offer, which you may withdraw without charge before acceptance. We must expressly accept it by email within five calendar days after submission; otherwise it expires. An automated receipt alone is not acceptance. Acceptance cannot change the offer without your agreement. The full stated total is due and charged immediately upon express acceptance. A payment authorization alone is not collection. We release authorizations if the order expires or is rejected and promptly refund funds collected without a contract. Before acceptance, we may reject for exhausted allocations, legal restrictions, concrete fraud indicators or payment failure.

Acceptance identifies and supplies the agreed documents in a form you can retain. Individual agreements and mandatory law prevail. Later account or website terms cannot reduce these paid entitlements.

2 Price and package

The USD 299 price is due in full upon acceptance: USD 250 personalized set; USD 49 Lifetime Benefits. Mandatory and contractual remedies remain. Initial US shipping is included. Applicable sales tax is included in the stated prices; the total remains USD 299. The included tax is shown before ordering. This is not a deposit, investment or donation. No administration, membership or renewal charge applies; new purchases require separate consent.

This is a binding preorder for products still in development and not available for immediate shipment. The accepted product specification fixes the included products, essential features and compatibility. A material change requires your express agreement. The development status does not extend agreed deadlines or limit your rights under this agreement or applicable law.

Each initial set contains one Presence Key, one Cloud wristband, one Daily wrist strap, one Satin clip and one Line pendant. Each item itself is engraved with the same personal name you specify and your selected edition number from 1 to 999. Before ordering, you confirm the exact spelling, number and engraving presentation shown for each item. Character and length limits, placement, style, finish, materials and compatibility are disclosed in the accepted specification. Personalization of packaging alone does not satisfy this obligation.

Your selected number is allocated upon express acceptance. If unavailable, we will not accept or charge that order unless you expressly agree to another number; there is no automatic substitute. Only 999 numbered original sets may be sold, with no duplicate outstanding allocation of a number. Reallocation after a canceled order and replacement of an existing set do not increase that limit. No resale value or investment return is promised.

You may correct engraving instructions before acceptance. Notify us promptly of an error; we will reasonably accommodate corrections requested before engraving starts. Any later change, added charge or deadline extension requires agreement. Accurately reproducing your confirmed instructions is not a defect merely because you later prefer different text. Our recording, display or engraving errors remain our responsibility, and mandatory rights are unaffected. Before acceptance, we may reject unlawful engraving or instructions outside the disclosed technical limits.

3 Shipping and refunds

Your complete initial package will be delivered no later than December 31, 2027. We will ship as soon as possible; earlier delivery is possible. Handover to a carrier or creation of a shipping label alone does not fulfil the delivery promise. Delivery does not depend on further set sales or future financing. Partial shipment requires your agreement and no additional shipping charge. Risk of loss remains with 4SI until delivery to you or your designated recipient.

We schedule dispatch in time to meet the promised arrival date, with shipment no later than December 31, 2027 in all cases. This outer shipment limit does not extend the arrival commitment. If we expect to miss the current shipment or delivery deadline, we will notify you promptly and before it expires, explain the delay, and state a revised date supported by a reasonable basis or explain why none can be given. We will offer cancellation with a

full refund and request your express consent to any delay. Silence is not consent. If we determine that we cannot fulfill the order, we will promptly cancel it and issue a full refund without waiting for the shipment deadline. Unless you agree before the current deadline, we will cancel and promptly refund. For an agreed indefinite delay, you may cancel at any time before shipment. An uncontrollable event does not eliminate these duties. Statutory clocks are not postponed by our acceptance or internal processing rules.

If none of the initial set is delivered by the agreed latest delivery date, you may cancel the entire order for a refund of the package price paid and not already refunded. No return is required before receipt of the goods. Partly missing or defective goods and failures of the Lifetime Benefits remain subject to this agreement, the Limited Warranty and applicable law. A Lifetime service issue does not by itself create an additional voluntary return right for correctly delivered personalized goods. Mandatory cancellation and refund rights, including the shipping-delay rights above, remain unaffected. We bear return costs where required by this agreement or law.

Refunds include the amounts required by law, without a processing deduction. They go to the original payment method or, if unavailable, a lawful alternative without additional cost or delay. FTC Rule refunds are made within seven working days where that deadline applies. Refunds due for unshipped goods are not conditional on a return; return arrangements for delivered items do not postpone a statutory refund deadline. No fabricated price allocation or cancellation charge reduces a refund. Lawful cancellation or rescission of the entire package ends future package benefits; the required refund and accrued claims remain due. A partial refund, accessory remedy or hardware replacement does not itself end unaffected benefits. This creates no additional termination right for 4SI.

4 Lifetime and entitlement

Lifetime Benefits are the priority support and replacement benefit in Sections 5 and 6 for the original purchaser's remaining natural life. They are paid contractual benefits included in the package price, not a revocable gift. No additional purchased plan is required. 4SI cannot shorten this period for convenience, remove the annual allowance or later impose a subscription for an included benefit.

Priority handling of order inquiries begins upon acceptance. The replacement Benefit Start Date is the later of January 1, 2028 and your receipt of the initial Key. The replacement service must be available by January 1, 2028; delayed availability does not postpone the Benefit Start Date. This start date does not delay statutory remedies, recalls or the Section 9 warranty. A late accessory does not postpone that start or excuse a delivery breach. Each Benefit Year is a consecutive 12-month period from that date. Replacement, account recovery or a successor model does not restart it. Preview access does not start a Benefit Year. Mere inactivity does not end lifetime entitlement; unused annual allowances expire without carryover. Personal future benefits end on the purchaser's death; accrued claims are preserved.

5 Priority support and scope

Requests concerning your included products and account receive priority over comparable standard consumer requests of equal urgency. Security or safety incidents may take precedence. Contact us at contact@by4si.com or +1 602 512 1719 on Arizona business days (Monday through Friday, excluding US federal holidays). There is no 24-hour service or guaranteed response or resolution time.

The package does not include all future paid platform features, Enterprise services, third-party services, transaction charges, installations or recurring accessories. Required accounts, devices, integrations and separately payable services must be identified before purchase. Necessary account or compatibility changes cannot be used to charge again for an included benefit.

6 Replacement Keys

The "Covered Key" is the Key supplied with this package and each authorized replacement of that Key. One successive Key is covered under each purchased entitlement, with one combined allowance of five replacements per Benefit Year starting under Section 4. Unrelated Keys and additional working devices are excluded. One covered incident permits one replacement.

Replacement is available for loss, accidental damage or ordinary wear that materially impairs intended use. Cosmetic changes alone do not qualify unless they defeat an expressly promised feature. Each replacement is new, bears distinctive Founding Edition identification and is engraved with the same name and allocated number unless a name change is expressly agreed. It replaces the Covered Key without creating another original-set allocation. We may supply a compatible equivalent or improved model, but any material change to expressly promised features, identification or compatibility requires your express consent. Accessories are supplied once. Claims covered by

mandatory defect remedies, safety recalls or the Limited Warranty in Section 9 are handled separately and do not use this allowance.

Submit your order or account reference, Covered Key identification if available, event description and delivery address by email or phone. We may proportionately verify identity and eligibility. A truthful loss declaration is normally sufficient; further evidence requires a reasonable basis. We may request return of a damaged Key at our expense with safe handling instructions. Inability to erase an inoperable unit does not itself defeat a valid claim. Fraud, intentional destruction and resale abuse are excluded.

After verified loss or compromise, we promptly suspend affected credentials under 4SI's control. For damage or wear, we coordinate retirement of old credentials with replacement activation to avoid unnecessary loss of access. Approval, quote expiry or pre-dispatch withdrawal alone does not permanently disable a usable Key; proportionate security restrictions remain. A recovered Key requires verified secure reauthorization. Offline readers and third-party systems may need separate unlinking by you or their operator; universal deactivation or remote erasure of the physical Key is not promised.

Within ten Arizona business days we decide or identify necessary missing information or return for inspection. A required return is requested within that period with prepaid instructions. We decide within ten such days after the last reasonably necessary information or returned unit is received. Immaterial requests do not restart review, and inspection cannot be added after approval to reset shipment. With approval we quote actual standard shipping, without a Key charge or handling markup, and a binding delivery period from receipt of your shipping payment. The quote remains open for 30 calendar days. We ship within 30 calendar days after approval and receipt of your expressly authorized shipping payment, whichever is later, unless you agree otherwise. A stock shortage does not extinguish a claim; applicable delay and refund rights remain. Mandatory remedies and Section 9 warranty claims follow their own requirements and time limits and are not conditional on payment of these shipping charges.

For annual allocation, a request is complete when it supplies the information reasonably available to you, not when we finish inspection. It counts in that Benefit Year if eligible and the quote is accepted and paid while valid. Our delay does not shift or forfeit it. An expired quote closes the request without a deduction; resubmission counts in its new year. Rejected requests or withdrawals before dispatch use no allowance; unused shipping payments are refunded. Correcting transit failures or defective replacements uses no second allowance. Allowances cannot be accumulated or sold.

Replacement delivery is to the original country and, in the US, state recorded in the accepted Order Summary. A later change to our offered delivery areas does not reduce an existing entitlement. You may nominate a lawful delivery address there after moving. Delivery elsewhere requires agreement and legal availability; moving alone does not end benefits. This does not restrict mandatory defect or recall rights. Any changed shipping cost requires fresh approval; no stored payment method is automatically charged.

7 Account and security

Protect credentials and promptly report compromise. We may temporarily restrict affected functions to address a credible security threat or unlawful use, giving reasons and a review route unless prohibited by law or an immediate security risk. A minor breach, outage or disputed claim alone does not justify permanent forfeiture.

Termination for customer breach must be proportionate and limited to affected benefits where reasonably practicable. It requires a material breach and a reasonable opportunity to cure, normally at least 30 days, unless the breach is incurable or urgent action is legally required. Fraud and sanctions restrictions permit proportionate action. Accrued claims and mandatory reimbursement rights remain.

You may end future personal benefits by contacting us. Mere nonuse creates no additional return right for properly supplied goods; statutory termination and refund rights remain. Account deletion is distinct from contractual termination. Before deletion we explain its effects and any lawful alternative for verifying retained entitlements; the request is not treated as an unstated waiver of rights.

8 Product use and data

Maintain a practical alternative for access or other critical uses. Compatibility with a lock, payment service, vehicle, website or reader exists only if identified in the accepted specification; separately required devices and fees must be disclosed before purchase. No system is represented as infallible, and these use instructions do not excuse a product defect or override an express performance promise.

4SI retains its product and software intellectual property and grants the personal rights necessary to use the included benefits. No marketing use of your name is authorized by this contract. Processing of order, account and payment data is described in the separately supplied privacy notice. Acceptance of these terms is not consent to unrelated marketing or biometric processing.

9 Limited hardware warranty

Warrantor: For Safety Group, Inc., 7950 E Acoma Drive, Suite 204, Scottsdale, AZ 85260, United States. Warranty service: 11201 North Tatum Boulevard, Suite 300 PMB #365, Phoenix, AZ 85028, United States; contact@by4si.com; +1 602 512 1719. This LIMITED WARRANTY covers defects in materials or workmanship in the initial Presence Key, Cloud wristband, Daily wrist strap, Satin clip and Line pendant for one year after delivery to the original purchaser. A replacement under this warranty has the remaining period or 90 days from delivery, whichever is longer. Mandatory rights may last longer.

Contact us with an order reference and defect description. Where inspection is reasonably necessary we provide a prepaid safe return method. We repair, replace or refund the affected product at our expense within a reasonable time. Repairs and replacements preserve the agreed personalization unless you expressly agree otherwise. Mandatory rights to reject, reduce the price or receive a refund are not displaced by our choice of remedy. A component refund is fairly allocated within the paid package price, not based on an invented higher retained-item price.

Excluded are cosmetic wear that does not impair promised use, loss, and damage caused by misuse or unauthorized alteration. An unrelated defect is not excluded. Section 6 may separately cover accidental damage, wear or loss. Warranty claims do not use its annual allowance. We do not disclaim or shorten implied warranties.

The damages limitations and exceptions in Section 11 also apply to this Limited Warranty where lawful. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from State to State.

10 Changes and continuing duties

We may make reasonable security, legal or compatibility updates without charging again for included benefits or materially reducing them. A discontinued model or platform reorganization does not itself end lifetime duties; a compatible successor must preserve their substance. We give legally required notice and remedies for adverse changes.

If lawful continued performance becomes impossible, applicable remedies remain available. There is no preset lifetime depreciation period or zero-value allocation for included benefits. Assignment must preserve customer rights, and delegation alone does not release 4SI. No later policy retroactively changes an accepted order.

11 Liability

TO THE EXTENT LAWFUL, 4SI IS NOT LIABLE FOR INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES, AND ITS AGGREGATE LIABILITY FOR DAMAGES ARISING FROM THIS AGREEMENT IS LIMITED TO THE PACKAGE PRICE AND RELATED CHARGES YOU PAID.

These limits do not cap or replace our duties to deliver, perform, repair, replace or refund. They do not apply to fraud, willful misconduct, gross negligence, personal injury, or rights and liability that applicable law does not permit us to limit, including mandatory privacy and product liability rights. A failure of an essential remedy remains subject to applicable law. Subject to those exceptions, the limits apply to damages claims in contract, tort or under statute; nonwaivable rights always prevail.

Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

12 Law and disputes

Arizona law applies, excluding conflict-of-laws rules and the UN Sales Convention, without displacing nonwaivable protections of your state. Maricopa County courts have nonexclusive jurisdiction; any mandatory consumer or small-claims forum remains available. No mandatory arbitration or class-action waiver is imposed.

Send notices or complaints to contact@by4si.com, +1 602 512 1719 or 11201 North Tatum Boulevard, Suite 300 PMB #365, Phoenix, AZ 85028, United States. A prior complaint is not a condition to exercising legal rights. The contract consists of the completed Order Summary, accepted product specification and these terms; mandatory precontract statements and remedies are preserved. An invalid term is severed only if the remainder can fairly operate, without automatic rewriting to the strongest permissible restriction.
